2016

Lucas, Y., Ngo, V.V., Clément, A., Fritz, B. (2016) A coupled thermo-hydro-geochemical modelling approach of the evolution of mineralogy in the EGS geothermal system at Soultz-sous-Forêts (France), EGC 19-23 September 2016, Strasbourg.

Beaulieu, E., **Lucas, Y**., Viville, D., Chabaux, F., Ackerer, P., Godderis, Y., Pierret M.-C.. 2016b. Effects of climate change on vegetal cover simulations in a mountainous forest catchment. Goldschmidt 2016, 26/06-01/07/2016, Yokohama

Chabaux, F., Ackerer, J., & **Lucas, Y**. (2016, April). Estimation of ground water residence times in the Critical zone: insight from U activity ratios. In *EGU General Assembly Conference Abstracts* (Vol. 18, p. 5908).

2015

Van Ngo, V., **Lucas, Y**., Clément, A., & Fritz, B. (2015, April). Thermodynamic and kinetic modeling of mineralogical evolution in the Soultz-sous-Forêts geothermal system: insights into the reaction pathways. In *EGU General Assembly Conference Abstracts* (Vol. 17, p. 11527).

Van Ngo, V., **Lucas, Y.**, Clément, A., & Fritz, B. (2015, April). Numerical modeling of the impact of temperature on the behavior of minerals in the Soultz-sous-Forêts enhanced geothermal system. In *EGU General Assembly Conference Abstracts* (Vol. 17, p. 11744).

2014

Lucas, Y., Beaulieu, E., Pierret, M.-C., Viville, D., Dumont, M., Delay, F., Chabaux, F., Ackerer P. 2014. Modelling of vegetation-hydrology interaction in mountainous forest basin over the last two decades. AGU Chapman ”Conference on “Catchment spatial organization and complex behaviour. 23-26/09/2014, Luxembourg (Lux)

Lucas, Y., Younes, A., & Ackerer, P. (2014, May). 3D modeling of density and substratum topography effects in a heterogeneous aquifer: the case of the hundred year saline pollution in the Upper Rhine valley. In *EGU General Assembly Conference Abstracts* (Vol. 16, p. 3566).

Schaffhauser, T., **Lucas, Y**., Fritz, B., Clément, A., Ambroise, B., Stille, P., & Chabaux, F. (2014, May). Hydrogeochemical modeling of alteration processes in the Ringelbach granitic research catchment (Vosges, France). In *EGU General Assembly Conference Abstracts* (Vol. 16, p. 3556).

2013

Schaffhauser Th., Chabaux F., Fritz B., Ambroise B., **Lucas Y.**, Stille P., Perrone T., Geochemical tracing and modeling of the uranium disequilibrium at the catchment scale. EGU General Assembly 2013, 7-12 April, 2013 in Vienna, Austria (communication).

2012

Schaffhauser Th., Chabaux F., Fritz B., Ambroise B., Clement A., **Lucas Y.**, Modelling of concentrations in major elements of subsurface and deep waters in the Ringelbach granitic research catchment (Vosges, France). Goldschmidt Conference 2012, Montreal, 24-29 june 2012 (communication).

Schaffhauser Th., Chabaux F., Fritz B., Ambroise B., Clement A., **Lucas Y.**, Geochemical tracing and modeling of alteration processes in the Ringelbach granitic research catchment (Vosges, France), EGU 2012, Wien, 23-28 April 2012 (poster).

2011

Schaffhauser Th., Fritz B., Chabaux F., Ambroise B., Clement A., **Lucas Y**. Modeling of alteration processes in the experimental Ringelbach granitic catchment (Vosges,France). Goldschmidt Conference 2011, Prague, 4-19 august 2011 (poster).

Before 2010

Lucas Y., Schmitt A.D., Chabaux F., Clement A., Fritz B. (2009) Quantification of cationic exchanges in the Upper Rhine valley potash basin: Coupled geochemical and modeling approach. *Goldschmidt 2009 Davos, 21-29/6/09. Geochim. Cosmochim. Acta, 2009, 73, 13, Suppl. 1, A798. doi:10.1016/j.gca.2009.05.010.*

Lucas Y., Haushalter M., Clement A., Fritz B., Chabaux F. (2008) Hydrogeochemical modelling of the Alsace groundwater pollution by the potash mine spoil heaps. *Postmining 2008, Nancy, 6-7/2/08, Actes sur CD, 7 p.*

Lucas Y., Clément A., Fritz B., Chabaux F**.** (2007). Hydrogeochemical modelling of a saline pollution in alluvial groundwaters : the exemple of the rhine aquifer. *AGU Fall meeting, San Fancisco, USA, 10-14/12/07 [affiche]*.
